Dear Dr. Roysircar-Sodowsky:

Thank you once again for participating in the 2003 Winter Roundtable on Cultural Psychology and Education. This year's conference hosted over 500 professionals and students from across the country.

We are enclosing a summary sheet of the evaluations that were filled out at the conclusion of your presentation. We hope this information is helpful to you in gaining insight into the impact and usefulness your program had upon its audience. If you did not present alone, please be sure to share these results with your colleagues that presented with you at the Roundtable as we are only sending out one evaluation summary package for each presentation from the conference.

Sincerely,

Robert T. Carter, Ph.D.  
Conference Director
